

The 34th Meeting of the Japan OLED Forum Call for papers

June 30th (Thursday), July 1st (Friday), 2022
Venue: Online (live format)

1. Aim of the Meeting:

Through the gathering of specialists in the field of OLED science and technology for thorough discussion and debate, the 34th Meeting of the Japan OLED Forum aims to advance the further development of the science, applied research, and practical use of OLEDs. This Meeting aims to build a common base for OLED-related science and technology while at the same time educating talented researchers and engineers through presentation and discussion of recent research and developments regarding OLEDs, create a common venue for industrial and academic cooperation through nationwide participation, and encourage the research development and business development of OLED displays and lighting by inspiring and guiding its participants toward realizing the future of OLEDs. With these aims in mind, presentations and in-depth discussions will be held regarding the fundamental research of OLEDs and the development of high-value OLED products. Please actively participate in and contribute to this Meeting.

2. Sponsor: Japan OLED Forum

Co-sponsor: SID Japanese branch

3. Date and time:

Thursday, June 30, 2022, 10:20~10:50 General meeting
11:00~17:00 Regular meeting

Friday, July 1, 2022, 13:00~17:00 Regular meeting

*** The time of the program may change. Please confirm when the program is opened to the public.**

4. Venue:

Online (live format in Zoom)

5. Program organization

[Special lecture]

- ・有機 EL ディスプレイ 業界動向について /
UBI RESEARCH CEO Choong Hoon YI 氏
- ・理論計算が先導する熱活性化遅延蛍光材料の開発 /
大阪大学大学院 工学研究科 相澤 直矢 氏

- ・実験に基づく機械学習によるポリマー太陽電池の設計と合成/
大阪大学大学院 工学研究科 佐伯 昭紀 氏

[Award commemorative lecture]

The 15th Japan OLED Forum Outstanding Achievement Award

[General lecture]

① General oral presentation (presentation time: 15 minutes for lectures, 5 minutes for questions and answers)

② Short oral presentations (presentation time: 5 minutes without questions and answers)

* In addition, Online Exhibition will be held. Online reception are scheduled.

6. Technical fields

Various OLED-related technologies and applications

① Materials science ② Devices ③ Simulations ④ Displays ⑤ Process technology ⑥ Reliability ⑦ Evaluation technology ⑧ Applications, etc.

7. Registration

① Participants (presenters, audience members) must be regular members of the Society or student members. If you are not a member, please follow the “Member Registration” on the homepage of the Society to complete the membership registration procedure.

② Please apply for participation from the "34th regular meeting application form" described on the homepage, we will automatically reply to the reception by e-mail. If you do not receive a reply, please contact us at the end. Registration opens on May 31.

③ The application deadline is June 16 (Thu). The participation fee for the regular meeting will not be collected this time. (However, it is limited to members who have paid the annual membership fee within the deadline.)

8. Submission outline for general presentations

8.1 Submission requirements: Contributors must be regular members or student members of the Forum.

8.2 Submission deadline: **Monday, April 25**

8.3 Please post from the "34th Regular Meeting Posting Site" described in the notice on the Japan OLED Forum member's My Page.

8.4 Manuscript

Please submit a 2 page A4 version manuscript (including figures and tables) as a PDF file. If a dissertation is accepted, the manuscript will open to members via the web For details, please follow the instructions given in the "Template Transcript Template" described on the website. Manuscripts and lectures will be in Japanese in principle. In addition, the abstract part of the manuscript will be published on the web at the same time as the program is released (after May 31 (Tuesday)), and the entire manuscript will be published on the web for one month from Thursday, June 23 .

8.5 Selection of abstracts

The Forum adopts a peer review system for selecting abstracts based on the following criteria. If the content of an abstract is not in accordance with the purpose of the Forum, it might not be selected.

- ①Originality of the thesis is not required.
- ②Abstract content shall be able to withstand discussion at the Forum and be reproducible.
- ③Based on the review, abstracts will be selected as either general oral presentations or short oral presentations or rejected. Abstracts can be submitted with a preference for short oral presentations. Both the general and short oral presentations will be part of the poster discussion.

8.6 Outstanding Presentation Award

The Japan OLED Forum Outstanding Presentation Award is given to the member who displays excellence in the general presentations during the Meetings in autumn and spring. The award and a research scholarship (¥200,000) are presented to the best speaker under 35 years of age. Please see the Awards page for details.

8.7 Other

- ①An automatic reply will be sent by email after registration is received. In the case that no reply is received after registration, please inquire at the contact address below.
- ②Notification of acceptance of the dissertation will be sent by e-mail by **Monday May 30**.
